

Greening Your Drive

 Always speed up gently instead of aggressively

 Coast more as you approach a stop

 Go easy on the brakes

 Use hills to your advantage: climb gently; get free downside push

 Avoid long idles

 Avoid high speeds

 Use your air conditioning only when necessary

 Fuel vehicles in morning or coolest part of day

 Fuel vehicles before tank reaches 1/4 empty

 Keep tires properly inflated and aligned

 Get regular engine tuneups and car maintenance checks

MERIDIAN

Greening

A better longitude on life.
